Seating is limited and sure to go quickly – RSVP today!

**Speaker: Mark Morin, DDS, FWCM**

Dr. Morin is one of the most experienced CEREC® practitioners in the country, having placed thousands of successful CEREC restorations dating back to 1989 and the CEREC 1. His state-of-the-art, 6,000-square-foot facility in Southfield, Michigan houses his private practice and also the Great Lakes Education Center where dentists from around the world come to learn how to integrate CEREC technology into their practices.

# CEREC TESTIMONIALS

“CEREC technology is very impressive to patients. Because CEREC cuts their treatment time in half, there’s a huge time savings and convenience factor that results in higher patient acceptance.”

- Gordon Christensen, DDS, MSD, PhD

“My office has saved 50 percent with the CEREC system since last year. The margins are comparable to the lab. This is 21st century dental technology that should be in every office.”

- Dr. David Sansone, Rochester, N.Y.
