PATTERSON DENTAL PRESENTS  
**CEREC® 4.0  
HAS ARRIVED!**

FRIDAY, OCTOBER 7, 2011

**Outstanding features of CEREC® 4.0 include:**

- **Multiple restoration design** – Work on as many different restorations as you wish, even in different quadrants and arches
- **Work directly on the tooth** – Execute design tools directly on the tooth, such as adding or removing material, rotating or positioning, or expanding or reducing tooth size
- **Streamlined restoration design** – Move backward and forward without undoing previous design steps

Join CEREC® expert Dr. Michael Skramstad for a guided tour through the most exciting development yet in CAD/CAM restorative dentistry.

**Speaker:** Michael Skramstad

Dr. Skramstad is a 2000 graduate of the University of Minnesota School of Dentistry. He is a basic and advanced trainer for Patterson Dental and has lectured internationally on technology and the CEREC restorative process. Dr. Skramstad is a CEREC alpha and beta tester for Sirona Dental Systems and a product consultant for multiple dental companies. He currently is faculty in the CAD/CAM Department at the Scottsdale Center for Dentistry and [www.cerecdoctors.com](http://www.cerecdoctors.com). Dr. Skramstad maintains a successful restorative practice in Orono, Minn., focusing on esthetic and CAD/CAM dentistry.

**RSVP TODAY!**
