PATTERSON DENTAL PRESENTS

CEREC 4.0 TRAINING

WEDNESDAY, OCTOBER 19, 2011

**PATTERSON
DENTAL**

PATTERSON DENTAL PRESENTS
**CEREC® 4.0
TRAINING**

WEDNESDAY, OCTOBER 19, 2011

Outstanding features of CEREC® 4.0 include:

- **Multiple restoration design** – Work on as many different restorations as you wish, even in different quadrants and arches
- **Work directly on the tooth** – Execute design tools directly on the tooth, such as adding or removing material, rotating or positioning, or expanding or reducing tooth size
- **Streamlined restoration design** – Move backward and forward without undoing previous design steps

Join CEREC® expert Dr. Mark R. Morin for a guided tour through the most exciting development yet in CAD/CAM restorative dentistry.

Speaker: Mark R. Morin, DDS, FWCM

Dr. Mark Morin, a 1985 graduate of the University of Detroit Mercy School of Dentistry, is one of the most experienced CEREC practitioners in the country, having placed thousands of successful CEREC restorations dating back to 1989 and the CEREC 1. His state-of-the-art 6,000-square-foot facility in Southfield, Mich., houses his private practice as well as the Great Lakes Education Center, where dentists from around the world come to learn how to integrate CEREC technology into their practices. Dr. Morin has been recognized as a "Leader in Continuing Education" by Dentistry Today and is an ISCD-certified basic and advanced clinical instructor.
