

DIGITAL DENTISTRY EVENT

Friday, October 28, 2011

Are CAD/CAM and cone beam right for your practice?

Patterson Dental's Kansas City Branch invites you to a special event featuring two renowned dental technology experts who will present the latest developments in CAD/CAM and cone beam imaging. You will return home prepared to make an informed decision about digital dentistry for your practice.

CAD/CAM Restorative Dentistry

Presented by Dr. Mark Morin:

- Offer your patients beautiful, natural-looking restorations in a single visit
- Eliminate messy impressions
- Preserve healthy tooth structure

Cone Beam Imaging

Presented by Dr. Doug Schulz:

- View the entire craniofacial region in the finest 3D anatomical detail
- Lowest possible radiation dose
- Perform virtual treatment planning chairside and improve patient case acceptance

Advance your CAD/CAM and Cone Beam Knowledge

when you attend this event!

SPEAKERS INCLUDE:

Mark R. Morin, DDS, FWCM

Dr. Mark Morin is a 1985 graduate of the University of Detroit Mercy School of Dentistry. His state-of-the-art 6,000-square-foot facility in Southfield, Mich., houses his private practice as well as the Great Lakes Education Center, where dentists from around the world come to learn how to integrate CAD/CAM technology into their practices. Dr. Morin has been recognized as a "Leader in Continuing Education" by Dentistry Today and is an ISCD-certified basic and advanced clinical instructor.

Doug Schulz, DDS

Dr. Doug Schulz is a 1980 graduate of the University of Iowa College of Dentistry. He taught at the College of Dentistry and completed the curriculum at the L.D. Pankey Institute with a significant background in occlusion and restorative dentistry. Dr. Schulz is a certified basic and advanced trainer as well as a beta tester for Sirona Dental Systems. He has maintained private practices in Prairie Village and Overland Park, Kan.

Space at this full-day event is limited – call 913-495-2953 to reserve your spot today!
