USE DIGITAL TECHNOLOGY TO GROW YOUR WAY

Every dental practice – new, established, big or small – has room to grow. With digital technology, it's easier than ever to create new revenue streams while improving patient care and enhancing workflow. And whether you've invested before, or are looking to dip your toes into digital waters, our team can help you find the right fit.

Clean air, pure and simple.

With six stages of filtration technology, JADE™ Air Purifiers by Surgically Clean Air® effectively remove up to 99.998% of viruses, bacteria, odors and pollutants, then release clean, re-energized air back into the room.

JADE works hard to clear the air. So you and your patients can breathe a bit easier.

Learn more at a-dec.com/cleanair.
Contact your Patterson Dental Representative to order.

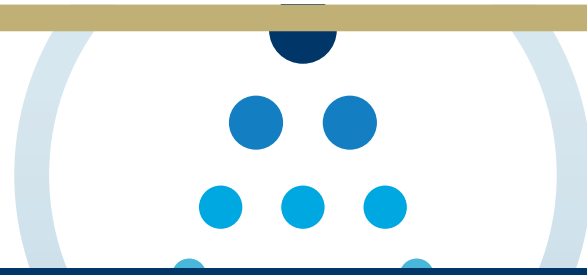

JADE™ air purifier is not available in all countries. Check with your Patterson Dental Representative for availability.

USE DIGITAL TECHNOLOGY TO GROW YOUR WAY

Every dental practice – new, established, big or small – has room to grow. With digital technology, it's easier than ever to create new revenue streams while improving patient care and enhancing workflow. And whether you've invested before, or are looking to dip your toes into digital waters, our team can help you find the right fit.

SafePure™

NEW

Liquid Hand Sanitizer

TOUGH ON BACTERIA AND VIRUSES. GENTLE ON SKIN.

80%

Medical grade hand sanitizer

Fast drying, no residue

Enriched with aloe leaf extract

Effectively kills viruses and bacteria on hands—anytime, anywhere—without the sticky residue often left by gel hand sanitizers.

Filtek™
Supreme
Flowable Restorative

Dental Advisor
“**Innovative
Product
of the Year**”
2021

Help reduce bubbles – increase productivity.

3M™ Filtek™ Supreme Flowable Restorative

Don't let your flowable restorative run on take control of your procedure. Made with true nanotechnology, 3M™ Filtek™ Supreme Flowable Restorative is indicated for a wide variety of procedures and techniques and has excellent adaptation, polish retention and wear resistance. Plus, the innovative new syringe is designed to help reduce bubbles and complexity.

- Virtually no bubbles or material “run-on”
- Ergonomic design is easy to hold and inject
- Easy-to-bend cannula for improved access – without kinking
