GRINS

for a **Good Cause**
Support Breast Cancer Awareness

Help Patterson Dental

support a good cause!

Approximately 1 in 8 women will be diagnosed with breast cancer in their lifetime. Every day, nearly 573 women in our country receive this devastating diagnosis. Many of us at Patterson Dental have been personally affected by breast cancer, either in a colleague, a loved one or ourselves.

Grins for a Good Cause is Patterson Dental's initiative to promote local breast cancer awareness through our network of 75 branches. We have partnered with local breast cancer awareness organizations across the country to make a difference in the communities where we live and work. Last year we raised approximately \$300,000 for inspiring groups across the nation. With your help, we know we can make an even greater impact in 2011.

Look for our **Grins for a Good Cause** flyer in your mailbox in September. It features products you can purchase to support your practice's breast cancer awareness efforts during **Breast Cancer Awareness** Month in October and all year long. A portion of the proceeds from these products will be donated to local breast cancer awareness organizations.
