

Get in the Game!

INTRODUCING

CAD/CAM

FOR EVERYONE

Discover why it's right for you

Join us at Red Lion Inn at the Park and learn why CEREC is the MVP of CAD/CAM dentistry!

| EXCELLENCE |

CEREC can help you reduce expenses, increase production and differentiate your practice. It not only pays for itself quickly, but paves the way for substantial future profits.

| EMPOWERMENT |

CEREC gives your practice an edge with performance backed by numerous clinical studies. Training included with the purchase is provided at 21 sites around the country and is designed to help you efficiently and effectively integrate CAD/CAM into your practice.

| ENJOYMENT |

You, your staff and your patients will enjoy the superior esthetics and clinical confidence that CEREC single-visit restorations provide, including its ease of use and customization capabilities.

CAD/CAM DENTISTRY WITH CEREC® AC – IT'S A WHOLE NEW BALL GAME!

At this exclusive seminar led by Dr. James Klim, find out how to profit from CAD/CAM dentistry. It's more precise, efficient and easy to use than ever with the new CEREC® Acquisition Center (AC), powered by Bluecam and 4.0 Software.

For 25 years, the CEREC family has helped dentists provide same-day restoration with superb quality and precision color matching.

As the newest member of the family, the CEREC® AC and 4.0 Software features:

- Shortest acquisition times on the market, acquiring half arches in just 40 seconds
- Maximum single unit efficiency
- Digital dental impressions that produce the most accurate 3D results – as easily as taking a photo
- Seamless transmission of digital impressions to the laboratory and ability to mill final restorations chairside with CEREC Connect

"CEREC technology is very impressive to patients. Because CEREC cuts their treatment time in half, there's a huge time savings and convenience factor that results in higher patient acceptance."

— Gordon Christensen, DDS, MSD, PhD

ABOUT YOUR SPEAKER

James Klim, DDS

Dr. Klim graduated summa cum laude, valedictorian, from Loma Linda University in 1984. He has been awarded high academic recognition by the Alpha Omega Fraternity and the Omicron Kappa Upsilon Society and has received the Prince Award from Loma Linda University School of Dentistry. He has been awarded a fellowship from the Academy of General Dentistry and International Academy for Dental-Facial Esthetics, accredited with the American Academy of Cosmetic Dentistry and selected as one of America's top dentists by the Consumers' Research Council of America. He has an avocation as a speaker, author and teacher of current dental technology, practice development and esthetic dentistry around the country. In addition, he has taught at several postgraduate institutes in practice development and esthetic dentistry.
