

# Transition to Technology Seminar

## Practice smarter, not harder

### "THE FULLY INTEGRATED, 21<sup>ST</sup> CENTURY DIGITAL DENTAL PRACTICE"

FRIDAY, OCTOBER 7, 2011

*Join us for an all-day program that will enlighten and excite dental team members to integrate 21st century digital technology for clinical excellence and improved patient service.*

#### "Building the Digital Patient"

*Create a raving fan practice by "Practicing Smarter Not Harder" and preparing your practice for the Electronic Health Record (EHR) through the integration of digital dental technology. This lecture will discuss what every practice needs to know, why they should know it and how they can accomplish that goal. Digital technology is critical for the future success of every dental practice. Dr. Samaras will explain the technology from a practice management perspective that involves the entire dental team and without taking them out of their "Comfort Zone." This event is recommended for EVERY dental team member.*
