

## Dynomite™ - Disposable Nasal Hoods

Making nitrous  
sedation  
convenient  
and fun

Matrix Dynomite™ are unique single-use nasal hoods scented with a range of pleasant aromas and packaged with colourful cartoon stickers.

- Convenient and safe - no need to autoclave
- Ideal for children and enjoyed by adults as well

## 4 REASONS TO USE DYNAMITE™ HOODS

### ☑ Reduces the risks of cross infections

Dynomite™ nasal hoods are disposable: easy to use and quick to replace for the next patient; they are a safe way to administer nitrous oxide.

### ☑ Pleasant and fun

- 4 fresh scents : orange, vanilla, strawberry and bubble gum. Unscented hoods are also available.
- Each hood comes with a colourful Dynomite™ character sticker that children can take home.

### ☑ More comfortable for the patient

The soft hoods provide a comfortable, secure fit to the patient's face.

### ☑ Latex-free and X-ray compatible

**DynoMite**

Dynomite™ are supplied in packets of 24 nasal hoods. 3 sizes available:

Small: Part # 1546S  
Medium: Part # 1547S  
Large: Part # 1548S

## USING DYNAMITE™ NASAL HOODS WITH YOUR SCAVENGING PATIENT CIRCUIT

- Dynomite™ nasal hoods are specifically designed for use with Matrix Scavenger patient circuits.

Just remove the decorative cartoon sticker and position the Dynomite™ hood on the patient circuit just like a traditional re-usable hood.

- Dynomite™ hoods can also be mounted on other models of patient circuits such as multi-tube systems using a universal conversion kit. Please contact your local AIR LIQUIDE Healthcare representative for more information.
