

Quickload™ Air Care System

QUICKLOAD™

Just twist in refill from the bottom without opening dispenser.

ADVANCED CAPILLARY SCIENCE™

Controlled release through a special matrix to provide consistent, effective, long-lasting air care.

MULTI-PHASE ODOR CANCELLATION TECHNOLOGY™

MC³ odor neutralization agent eliminates odor at the molecular level.

Breakthrough Advanced Capillary Science

Enables continuous air care with exceptional effectiveness and duration – far superior to traditional wicks.

Features patent pending QuickLoad™ design and breakthrough dispensing options, including the revolutionary Solar-Powered active dispersion system that harvests light energy without batteries.
